WELCOME TO THE ICHOM CONFERENCE 2022

Dear Delegate,

We are delighted to welcome you to the ICHOM Conference 2022 and to the Boston Park Plaza. We are looking forward to spending three days with you networking, sharing ideas and coming together to help lead the world in driving better patient care for all.

We are joined by over 90 speakers this year, and we would like to take this opportunity to thank them for sharing their knowledge and expertise with us.

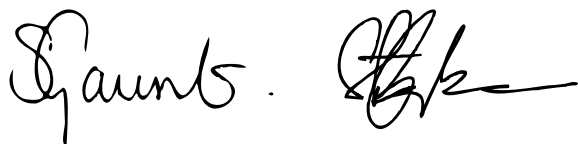

There are so many fantastic sessions taking place and we are looking forward to finding out:

- How Patient Outcomes Shape the Future of Healthcare Systems – Initiating Change at the National Level
- Is Equitable and Inclusive Care Possible Without Standardized Outcomes Measurement?
- How Technology is Creating a Paradigm Shift Towards Patient-Centered and Cost-Effective Care
- Why Patient Organisations' Roles are Crucial to Driving Better Patient Outcomes

If you have any questions during the event, please do not hesitate to contact our team by emailing events@ICHOM.org

Lastly, thank you to all our sponsors, especially our Platinum sponsor Edwards Lifesciences.

Kind regards

Suzanne Gaunt
Former President
ICHOM

Dr. Stefan Larsson
Chairman of the
Board, Co-founder
and Interim President
ICHOM

ABSTRACTS

ICHOM ABSTRACTS

NEW FOR 2022

This year we have collaborated with NEJM Catalyst. The winning abstract, chosen by NEJM Catalyst, will be presented with the inaugural ICHOM-NEJM Catalyst Implementation Prize at the ICHOM Annual Conference, November 3.

Why are the ICHOM Abstracts so important?

ICHOM is an organization founded on research and feel it is important to encourage those involved in VBHC to share their work and learn from each other. Our abstract project enables the latest research and developments in VBHC to be accessible to a much wider audience. You can view Abstract submissions in the Abstract Gallery on-site, at the Boston Park Plaza and online following the event.

When are the winners presenting?

The Top 5 Abstracts will be presented live in Boston. You can view them at the following times (they will also be recorded).

I'm more than just a patient.
More than my chronic illness.
I'm a person.

And I want a healthcare system that reflects that.
I want to connect with familiar faces who know me and remember me,
Rather than being met with constant change.
I want someone who can coach me about the treatments that I can do myself,
So that I can spend more time at home than in the hospital.
I want teams who use tech and data to create personalized care.
Rather than making me feel like another fact and figure.
I want partners who know every part of the system
And know how to work all together to make my care more efficient.
So that I don't get lost and stuck at every turn.

I want a system that treats me as a person first,
And a patient second.

At Air Liquide Healthcare,
Patients are at the heart of everything we do.
Our 30 years of expertise have taught us that putting them at the center of the system,
as people, is the only way forward for a more sustainable, valuable version of healthcare.

Join us in changing care from this new perspective.

Changing care. With Value-based Healthcare.
With you.
