Welcome to ICHOM 2023 - the world's leading value-based healthcare conference.

ICHOM's mission is to unlock the potential of value-based healthcare by defining the outcomes that matter most to patients and driving adoption and reporting of these measures worldwide. Our annual conference is where the people and organizations doing this come together to share experiences and support one another.

Be part of ICHOM 2023 and lead the change.

66
Attending ICHOM 2022 conference in Boston connected us with the world leaders in the field of value-based health care, having first-hand expert advice about the challenges of implementing the theory into real-world settings. It covered all the topics on the complete timeline of a VBHC project, from setting up an IPU, organizational challenges, measuring outcomes and building payment schemes. We are looking forward to Barcelona 2023.”

Rubén Rojas Chief Executive Officer, Fractal EDM
