ICHOM Conference Sponsorship Brochure

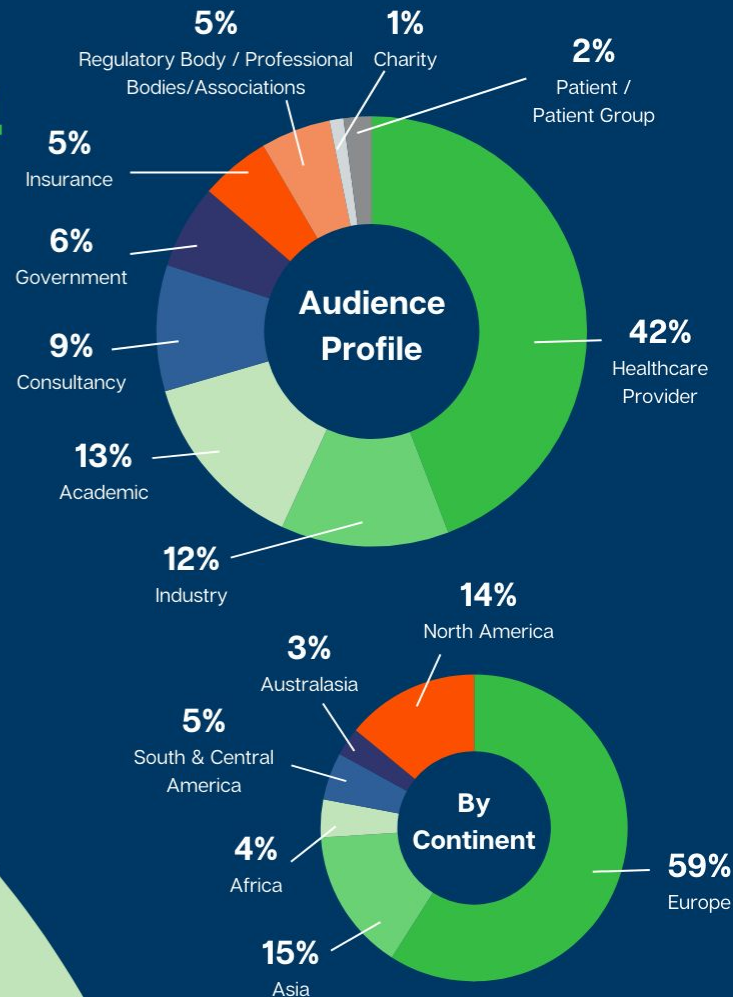

WELCOME TO ICHOM 2024

ICHOM's mission is to unlock the potential of value-based healthcare (VBHC) by defining the outcomes that matter most to patients and driving adoption and reporting of these measures worldwide. Our annual conference is where the people and organizations doing this come together to share experiences and support one another.

Be part of #ICHOM2024 and lead the change.

During the ICHOM 2023 conference, Air Liquide Healthcare had the honour to take an active role discussing with the ICHOM leaders about the importance of a common alignment to shape the current healthcare systems and to put the money where the value is. I would like to congratulate and thank ICHOM for the great implications and dynamism in making those exchanges possible. Let's continue to shape the healthcare environment for a better quality of life for all of us.

Ana Román Global Public Affairs and VBHC deployment Director Air Liquide Healthcare

ACCELERATING TO EVIDENCE - TRANSLATING THEORY INTO PRACTICE

The ICHOM Conference brings together global leaders and experts in advancing patient outcomes. By sharing examples of best practice and collaborating to solve the challenges of moving from the theory of VBHC to the day-to-day practice implementation, delegates come away armed with vital information and contacts.

Example Topics covered:

- Patient and Provider – Delivering Better and More Equitable Care
- Roadmap to VBHC Implementation in Different Settings
- Examples of multi-stakeholder implementation focusing on equal and equitable access to good quality of care
- VBHC in the Eyes of a Patient
- How can payers reinforce cultural change amongst providers
- Challenging the status quo - how to convince your management VBHC is the way forward?
- “Ask the Expert” Sessions
- Patient Engagement workshops
- Data visualization and care pathway redesign

- **Network**
- **Share knowledge, benchmarking, best ideas and implementation approaches**
- **Be inspired**
- **Learn examples of VBHC implementation from a multi stakeholder perspective**
- **Understand how to build a case for VBHC implementation in your organization**
